RISCHKE 261 - THE MAGIC ONE

U.S. Patent No.: US D595,762 S
EUIPO GM No. 000946611-0007 / -0009

The 261 is for sure the most extraordinary in my series. Her sophisticated layout takes much to built her, but also lends her that unique finesse and breathtaking aura. Those who have seen – and heard – this guitar live will know what I am talking about.
